Galveston Wiped Out

2,000 PEOPLE KILLED.

Tremendous Destruction of Property.

Winnipeg, Sept. 10, '00.
A terrible flood accompanied by loss of life has occurred at Galveston, Texas. A telegram from Governor Orleans, places the loss of life at 2,000. A later message from New Orleans, places the loss of life at 2,600.
Houston, Texas, 9th: Gen. Supt. of the National Express Company, has just arrived from Galveston after a perilous trip. He reports that more than 1,000 people have been drowned, killed or missing and that 4,000 houses have been destroyed. He says the magnitude of the disaster remains to be told.

Dallas, Tex. 9.—The following telegram just received from Houston: Relief train just returned. They could not get closer than six miles of Virginia Point. Near by the prairie was covered with lumber, debris, pianos, trunks and dead bodies. Two hundred corpses were counted from the train.
A large steamer is stranded two miles this side of Virginia Point as though thrown up by a tidal wave. Nothing can be seen of Galveston. Two men were picked up who floated across to the mainland who say they estimate the loss of life up to the time they left at 2,000.

Houston, Texas, Sept. 9th, 10 p. m.: The West Indian storm which reached the Gulf coast yesterday morning wrought awful havoc in Texas. It is not known what has befallen the city of Galveston, where it is reported 1,000 lives have been blotted out and tremendous property damage incurred.

The first news to reach this city from the stricken city of Galveston, was received last night. James C. Timmins who lives in Houston and who is the general superintendent of the National Express company arrived in the city. The above message is addressed to Supt. Fulton, Dallas, and comes from Mr. Vaughan, manager of the western Union at Houston.

New York, Sept. 9th.—The World today says: Austin, Texas, Sept. 9: Information has just reached me that about 3,000 lives have been lost at Galveston with enormous destruction of property. No information from other points. (Signed) John D. Sayers, governor.

Memphis, Tenn.: A special from New Orleans states that a message was received this evening fixing the loss of life at Galveston at 2,600. The message came from Vera Cruz by cable.

South African War.

SIX STRATHCONAS KILLED ON SEPT. 4.

Boers Leaving Lydenburg.

Six members of Strathcona Horse recently reported missing, are known to have been killed near Badenfontein on Sept. 4th. A. C. Garner was from Moosomin; and C. Cruickshanks from Red Deer. Three others were from England, and one from Massachusetts.

A Boer force of 1,500 threatened Johannesburg.

It is believed Commandant Theron has been killed.

The Boers around Lydenburg are splitting up and going in two directions. Their guns and stores are being sent to Kruger's post.

Boer's next move is to capture Pilgrim's Rest and the British army will continue to press their advantage until the enemy occupies neutral territory.

The Gentle Oriental.

TWELVE MISSIONARIES MURDERED IN ONE BATCH.

Ten American missionaries, three children and two Danish missionaries in Shan Si province, were murdered by Boers late in July, according to reliable reports received.

J. E. Bilodeau has opened out a confectionery in Dr. Goodwin's old stand.

Lorne Strigley, of Innisfail, Ont., was drowned near Barrie.

A Brantford, Ont., cotton mill was to-day damaged by fire.

Wheat closed in Chicago on Saturday at an advance of 3 1-2 cents.

Three thousand union carpenters have struck work in Chicago.

The Winnipeg lacrosse team won the city championship Saturday.

Novelist Anthony Hope will run in England as a liberal candidate in Paf. Kirk.

From appearances the Connor elevator scheme at Montreal has fallen through.

It is stated Lieut.-Gov. Patterson may contest Kent, Ont., for the commons.

The Westminster lacrosse team easily defeated the Tecumsehs of Toronto 7 to 1.

Six criminals in Rat Portage jail attempted to escape by making a hole in the brick wall.

Along the northern Pacific Manitoba, lines harvesting has ended, but rain prevents threshing.

Ex-President Cleveland has declined to serve on the international board of arbitration at the Hague.

William Thompson, of Winnipeg, fell from a balcony a distance of 40 feet during a Winnipeg ascension.

A large political gathering at Moose Jaw was addressed by Mr. Sifton, Walter Scott and N. F. Davin, M. P.

The Arctic discoveries of the Duke of Abuzizi, have been received with indifference by the people in Britain.

Admiral Seymour's frank praise of the French troops has greatly strengthened international good feeling.

The Deutschland steamship made a record trip from New York to Plymouth; 5 days, 7 hours, 38 minutes.

Sir Henri Joly de Lotbiniere, Governor of British Columbia, was in Winnipeg Sunday on his way to Quebec.

The "Genesee" yacht of Rochester, defeated the "Minota" of Toronto in the first of a series of races for the Fisher cup.

A serious fire visited Oak Lake, Man., destroying the Manitoba Hotel, several stores, the post office, and other buildings.

A former resident of Winnipeg has been arrested in Montreal charged with appropriating household effects. He bears several names.

The Orangeville lacrosse team and the "Capitals" of Ottawa played for the world's championship, the Ottawa team having a walk over.

Sir William Henry Preece has made the announcement that he has found it possible to convey audible speech six or eight miles across the sea.

It is stated that Corbett has mysteriously disappeared to avoid the consequences of the late fight with McCoy. It is believed he has left for Europe.

LOCAL.

—Train five hours late leaving Calgary.

—Band practice in the council chamber to-night.

—The scrip commissioners are at St. Paul's mission.

—The bachelors annual ball will be held on the 26th.

—Hon. James H. Ross is expected in on to-night's train.

—C. Gallagher leaves in the morning for the Calgary fair.

—Rev. D. G. McQueen leaves this week on a month's holiday.

—Peter McCarthy, Q. C., of Calgary, came in on Thursday's train.

—Monday, Sept. 24th, is the Hebrew New Year's day, beginning the year 5661.

—Archie Cameron & Co. have completed the Ravine bridge. They are now engaged in building a bridge across White Mud river on the road surveys across McLeod's farm, Pigeon lake trail.

—Splendid ripening and harvest weather to-day.

—Excursion rates to Calgary fair to-morrow, \$575 for the round trip, good until Monday next.

—The grading machine is at work this morning on the road from the bridge to the top of the hill, Strathcona.

—Dr. and Mrs. Harrison and Miss Grace Robertson returned yesterday from a three weeks' outing at Cooking lake.

—J. W. Shera, M. L. A., of Fort Saskatchewan, is in town to-day. He will take passage on the Battleford ferry to Victoria to-morrow.

—Three democrats were sent out by Lubbock's stable this morning, to the Athabasca Landing to meet Commissioner McCreary and party there. They are expected in this week.

—The district meeting of the Methodist church will be held this week. Ministerial delegates from different points will arrive on to-night's train. Nightly service will be held in the church, conducted by the different ministers present.

—John A. C. Cameron recently returned from Stony Plain, where he has been over-hauling S. Eccles & Co's threshing outfit for the coming fall's work. Mr. Cameron reports the crop all O. K., and that it will all be saved if this kind of weather keeps on for a couple of weeks.

—Latimer Bros have just put a Jones wind stacker on their threshing machine. The whole outfit has been over-hauled by John A. C. Cameron and put in first class order for the season's work. Mr. Cameron is a first class man as a thrasher or engineer and is kept busy putting threshing outfits in shape for the large fall's work.

—F. Ruse will put a sacred cantata entitled "Under the Palms," on the boards in Robertson Hall sometime in November for the benefit of the Public Hospital. The cantata is a representation of the Hebrew "Feast of Tabernacles" and the chorus will include 40 adult voices. Local talent exclusively will take part.

Montreal, Sept. 4.—The Thompson line steamer Cervona arrived in port to-night from South Africa, where she has been on transport service. The Cervona will sail Sept. 16th from here for South Africa with 600 horses for the Imperial forces.

</

THE CAMPAIGN IN QUEBEC.

The following dispatch from Montreal will give an idea of the campaign that is being run by the friends of Sir Charles Tupper in that province:

Milton MacDonald, conservative M. P. for Bagot, and French conservative organizer for this province, and managing director of Le Journal, the new French conservative paper, established by Sir Charles Tupper, speaking in St. Simon de Bagot, Sunday, strongly condemned the Laurier government for sending soldiers to South Africa and for spending millions of Canadian money on the war against the Boers. The conservative organization here is also distributing campaign literature in the French portion of the province, enlarging upon Mr. MacDonald's complaint.

A gentleman who has just returned from spending his holiday in the country of Kamouraska, found the parish of Notre Dame flooded with anti-British campaign literature of this kind. Pamphlet No. 6, in French, is furnished by Sir Wilfrid Laurier for his conduct in regard to the Boer war, and says: "The first spike of Imperialism was driven at London by Laurier. There was a sealed compact, which today is crimson with Canadian blood, shed at Paardeberg, Belmont, Mafeking, Faber's farm and in all the other sad engagements. On the 18th of June, 1897, a great banquet held at the Imperial institute after a review of the Canadian troops in the presence of Lord Lansdowne, the minister of war, Laurier, in a moment of enthusiasm, placed Canadian troops at the disposal of the empire. As becomes a French ascendant, he chose the anniversary of the battle of Waterloo, to make this offer. The engagement was a solemn one, and was kept. Some days afterwards Sir Louis Davies, taking pattern from his chief, pointed to the Canadian troops and said in the presence of other colonial ministers, 'If England needs ten thousand men, Canada will give them.'"

Laurier says it is of his own will he sent Canadians to Transvaal. He has also said on several occasions if he is asked he will send more troops.

All these members—Broderick, Brunson, and Legris—voted against Bourassa's motion, approved of the war and voted two millions to pay the piper.

THE CAVALRY HORSE.

Major Dent, who has been purchasing remounts for the British army, gives the following particulars of the stamp of horse required.

1. As to the height, I do not care about any horse that is over 16 hands. The following are the heights of the different classes:

Artillery—15-2 to 16 hands.
Cavalry—15-1-2 to 15-2 hands.
Mounted Infantry—14-1 to 15-1.

2. The stamp of horse required for artillery is a bickety sort of horse, with as much breeding and bone as possible. The cavalry horse of a lighter type with good shoulders, loins and neck. The mounted infantry cobs, a miniature horse. The best stamp I have come across is the French-Canadian, the only fault in their case being often a shortness in rein.

3. The type of horse for whatever branch of the service required should be that of an English hunter, short legs, short cannon bone, good shoulders, back, ribs, and loins—the more breeding combined with the strength the better.

4. The faults I have chiefly found in the Canadian horses are: too long in the back, making a horse weak in his couplings; lightness of bone, especially under the knee, and many horses are falling in that quarter, a complaint commonly known as "goose rumped."

5. In all horses true action is a great necessity; any horse that cuts (or rushes) his fetlocks is unsafe. I have found the Canadian horses wonderfully sound in wind, the rejections for this failing being only 2 per cent. The horses, as a rule, have fairly good shoulders, also a depth of girth, but the long backed ones naturally are deficient in back ribs. The horses are of kind disposition, answering quickly to kindness, and it is rare to find a kicker. I anticipate they will be found very handy in South Africa.

I think a great stimulus to horse breeding in Canada would result from the horses now being bought out of the country. What I think are most wanted are good thoroughbred sires, not over 16 hands, compact horses, with plenty of bone and action. I am sure there must be plenty of good mares in the country, judging from those which have been bought and in many cases it seems a pity they are leaving the country.

I wish the English war office may see their way to establishing a permanent purchasing depot in Canada for the remounts of the army. They could get a number of good sound horses, four years old and upwards, every year. Of course, the horses would have to be free from blemishes and better than some I have bought now which are going to be shot at in South Africa.

COST OF THE PHILIPPINE WAR.

Soldiers killed in action,	533
Deaths from wounds,	193
Deaths from diseases and other causes,	1668
Total number of deaths,	2394
Total number of wounded,	2073
Cost of war in cash,	\$186,672,000

MACLEOD.

Wild geese are beginning to come down from the north. Several flocks of these birds have been seen lately.

Government notices are posted around town and district warning parties against letting out prairie fires. The warning is a timely one.

Many of the low places on the prairie which were full of water at this time last season, are now found to be dry or nearly so, and sportsmen who have revisited the scene of so much sport last fall, have been surprised to find that in a great many cases the ponds and sloughs, which then were haunts of myriads of wild fowl, are now dry and bare.

There are quite a number of wolves in the Rocky Coulee section of the district, several being run down and captured by cowmen last winter. A large white one has been helping himself occasionally to a tender calf or a fat calf for a long time past. He is said to be a monster in size, leaving a foot mark in the snow double the size of an ordinary wolf's track. As soon as snow falls so thick tracking can be done the horse men are going to get after his wolfship, their object being to put an end to his career of destruction.

The cattle on the range are in prime condition and in splendid shape to meet the coming cold weather. It is not surprising to find the cattle in such good shape, as the conditions up to the present time have been most favorable, the grass covering the prairie being knee high in places with plenty of pure water everywhere to be obtained. The reason given by cowmen for the present fine condition of the cattle is the fact that there was almost an utter absence of flies during the past season, consequently the range cattle, not being disturbed by winged pests, were enabled to put on flesh all summer long.

Red Crow, head chief of the Blood Indians, is dead. Red Crow was one of the best known Indians in this part of the district. For many years he had carried a great sway over the Indians under his command. In the spring of 1885, while the rebellion was going on in the north, it was this noted chief who prevented the discontented young men on his tribe from giving trouble in this district. The Bloods are the most numerous and warlike of the western Canadian Indians. They number about 3,000.

SORIP PREFERRED.

MacLeod Advance A report from Ottawa is to the effect that the men who served in the ranks of the N. W. M. P. during the rebellion of 1885, are at last, after a lapse of nearly 16 years to be rewarded for services rendered. Each man will be presented with a silver medal which was struck to commemorate that event. When it is remembered that the volunteers, every mother's son of them, who came west, received this decoration shortly after the close of hostilities, it seems strange that the military authorities should have been so long in recognizing the services rendered by the police.

We think the government might very well go a step further in honoring the ex-members of the force, for, as it is known there are very few men left in the force who served in the force in 1882. We would suggest that a land grant be given the men in addition to the medal. A medal is all very well in its way, but a land grant is something that could be made use of. Many square miles of territory had been handed over to the railway companies and quite recently all half-breeds born in the Territories within a stated period were presented with land. Therefore, we say, the government would not be overstepping the limit were they to confer a like favor upon the men who served in the police during the rebellion. It is perfectly in order for the western members of the House to take up this question and urge upon the government the desirability of issuing land scrip to the men who served in the force during 1885. This, we are convinced, would be favorably looked upon by those entitled to the reward.

MONTREAL ELEVATORS.

Montreal, Aug. 29.—A serious hitch has arisen in connection with the Concorde syndicate proposal for the construction of elevators and the other part of their terminals on Windmill Point pier, which the syndicate in their last official letter to the board of directors should be commenced on September 1st.

IRRIGATION AT LETHBRIDGE.

Lethbridge, N. W. T., Sept. 4.—At 3 o'clock this afternoon the water in the Lethbridge branch of the irrigation canal reached the town limits, after having travelled 93 miles. A number of prominent citizens went out to witness its passage into the town, where they heartily cheered and congratulated Mr. Anderson, the chief engineer, upon the satisfactory conclusion of the great undertaking.

The Calgary Alberta of Sept. 1st, announces a change of ownership. C. B. Halpin has sold out to Messrs. Wilson & McCaffery. It is stated that Commissioner Perry, N. W. M. P., is about to introduce a much needed change in the uniform of the men of the Mounted Police force. Instead of the little caps now worn in summer of a very critical angle, a small portion of the superficial area of the head. It is proposed to adopt the cowboy hat worn by the members of the Yukon force.

INNERSAIL

Free Lance, Sept. 6th.

The Innisfail creamery shipped 6,000 pounds of butter, put up in two and five pound tins, to the Klondike for the month of police.

Real estate agent Fream was a bus-ness caller at Red Deer to-day.

The snow storm was somewhat of a boon to the machine agents. A number of binders were sold to the farmers, who are now anxious to harvest, who otherwise would have their grain put by the acre without blowing themselves for a machine.

Geo. Powers finished cutting his wheat Saturday and says he never had such a fine crop.

BAD HAIL STORM

On Saturday last, says the Moose Jaw Times between 6 and 7 o'clock the worst hail and wind storm that has ever visited these parts swept over a portion of this district and completely destroyed all standing crops in its path. The storm clouds came from the west, but when they reached this district the wind changed to almost due north and south. The heavy cloud seemed to fall to pieces northwest of town, and presented a most peculiar effect, not altogether unlike a cloud-burst. The damaged district seems to have commenced just west of Wesley church, Meriborough, and covered a strip about seven miles wide.

MORTGAGING THE SOUTHEASTERN.

Winnipeg Tribune: It is stated to-day that the remaining bonds on the Southeastern railway have been paid over to Messrs. Mackenzie & Mann, and the terms of the contract made by the late government have been carried out. In settling the question of the mortgage on the road, a legal technicality arose caused by the law of Minnesota forbidding any line in that territory being mortgaged direct to any foreign government. The difficulty was overcome by the formality of having the mortgage on these forty odd miles made out direct to the National Trust Co., which then mortgages to the government.

CANADIAN CASUALTIES.

Ottawa, Sept. 4.—The following cablegrams were received from Sir Alfred Milner, this morning:

"Cape Town, Sept. 3.—150, McGillivray, missing, Badfontein, Sept. 1.—(Signed) Milner."

"Cape Town, Sept. 3.—Strathcona's Horse—266, Whiteley, slightly wounded, Machelodorp, Aug. 28: 304, (name not given), severely wounded, Amersfort, July 6; 30, Hicks, shot through the lungs, Charlotta, July 4, only received here to-day. (Signed) Milner."

TO IMPROVE THE ARMY.

The London correspondent of the Toronto Mail, writes:

One radical remedy for the muddling in the army of which Lord Wolseley complains, and for that snobbish hauteur of which colonials find fault in our young officers, is to be found in opening the military profession still more to clever practical young men of the middle class who will adopt it as a serious profession. Under existing conditions only men of considerable private means can venture to enter the military profession. Thus our officers belong to the classes who toil neither do they spin. They have no incentive to work hard. They pursue their professional training in the spirit of the dilettante, and they look down upon men who cannot boast their blue blood as rank "outsiders." We must change all that by offering such pay to the working officer as will make it possible for men who are not born dandies to take to the profession.

THE PLAGUE IN BRITAIN.

London, Sept. 4.—A report was current to-day that two cases of the plague had been discovered in the vicinity of the London docks, but a medical officer, when questioned on the subject said he knew nothing about the matter.

Glasgow, Sept. 4.—A bulletin issued by the medical officer at Glasgow this morning shows additional plague cases reported. To-day the total is now thirteen doubtful cases, three under observation. Total 103.

Winnipeg Tribune: Commissioner C. C. Chipman, of the B. C. Co., accompanied by his wife and family, and Mr. Wm. Clark, chief factor, left for a three weeks' trip to Alberta. While away they will go down the Saskatchewan river on the company's steamer Margery, visiting the company's posts in the Cumberland district. They will return via Grand Rapids and Lake Winnipeg.

It is understood that R. R. Thompson, of D. Company, first Canadian contingent, has been awarded the Queen's scarf for Canadian contingent. Thompson is a native of Ireland and enlisted at Ottawa. It is presumed that the act which won the scarf was Pte. Thompson's rescue of a wounded companion at Paardeburg. He rushed from the trenches and in a hail of bullets carried to safety a soldier who had been wounded and was lying quite a distance from the trenches and exposed to the Boer fire.

Lethbridge News, Sept. 6th: W. C. Simmons has decided to locate his law office at Cardston, in preference to Red Deer and is now making arrangements there. Cardston promises to have a plethora of lawyers in future. We understand that Haultain & McKenzie, of Macleod, are opening an office there, with Mr. McDonnell in charge.

THE TARIFF PUZZLE.

Toronto Globe: The people of Canada are asked by the conservative journals and speakers to believe four assertions: (1) That the liberal government made great reductions in the taxes on American imports—coal, corn, iron, steel, etc.—without obtaining any equivalent, thus destroying any chance there may have been of negotiating a reciprocity treaty with the United States. (2) That the liberal government gave Great Britain a preference of one-third of the general customs taxes, thus destroying any chance there may have been of a preference in favor of Canadian products in the British market. (3) That notwithstanding these enormous reductions in the tariff, the total reduction is only fourteen-one-hundredths of one per cent. (4) That the taxation has not been reduced at all, but increased.

ST. ANDREW'S RAPIDS.

Ottawa, Sept. 4.—Mr. Thos. Kelly's contract figures for the St. Andrew's rapids improvements is \$487,000, and the contract between him and the public works department stipulates the work must be completed within three years.

SENATOR ELLIS.

Ottawa, Sept. 5.—Mr. John V. Ellis, M. P., has been appointed senator in the place of Burpee, resigned.

Mr. Ellis is a veteran in Canadian political life. He was born in Halifax, N. S., in 1835, of Irish parents. He is a journalist by profession, being editor of the St. John Daily Globe. He was a member of the New Brunswick assembly from 1882, until January, 1887, when he resigned to run for the Commons, to which body he was elected. He was defeated in 1891 and re-elected in 1896.

BOSTOCK DECLINES GALLIHER ACCEPTS

Vancouver, Sept. 5.—Hewitt Bostock, M. P., was to-day offered the nomination for Yale-Charley at a convention of liberals of the district, held at Revelstoke, and called for the purpose of choosing a candidate to contest the district in the forthcoming Dominion election.

Mr. Bostock, however, wired declining the nomination.

Mr. Bostock assigned his personal and real estate for the benefit of his creditors to-day. The assignment has caused much surprise in the city as Mr. Bostock was reputed to be a millionaire. Various large unremunerative investments are said to be the cause of the assignment. The estate will pay 100 cents on the dollar.

Revelstoke, Sept. 6.—At the liberal convention held here to-day to nominate a candidate for Yale-Charley district, succeeding Hewitt Bostock, resigned, W. A. Gallieher, of Nelson, was unanimously chosen.

Prominent liberals from the coast were in attendance, including Senator Templeman, G. B. Maxwell, M. P., and J. C. McInnes.

GRAIN FREIGHT RATES.

Chicago Trade Bulletin—Rates are unsettled on flour and provisions. There is cutting of 2-1/2 to 3-1/2c on flour from the Northwest to the seaboard and the eastern lines are getting their proportion. Business with eastern lines is only fair. The tariff on domestic grain and grain products from Chicago are as follows: To New York, 17-1/2c; Boston, 19-1/2c; Philadelphia, 15-1/2c; Baltimore, 14-1/2c; On export grain, rates from Chicago are as follows: To New York and Boston, 13c; Philadelphia, 12c; Baltimore, 14-1/2c; From Mississippi River for export: To Boston and New York, 15-1/2c; Philadelphia, 14-1/2c; Baltimore, 14c. Lake and rail rates from Chicago to New York are 12c per 100 lbs. on flour, 4-1/2c per bushel on wheat, 4c on corn, and 3c on oats. Ocean freight round in active demand and firmer. Rates are higher at 33-1/2c per bushel from New York and 31-1/4c from Boston to Liverpool. The through rate on wheat from Chicago to Liverpool is 13-1/4c per bushel, lake and rail, via New York, and 123-1/4c via Boston. Flour is 31-7/8 to 32c per 100 lbs., and provisions 44-00 to 46-7-8c. Lake rates are steady at 1-1/4c for wheat, and 1 to 1-1/8c for corn and 1c for clipped oats at Buffalo.

Plainsdealer, Strathcona: Among the utterances at the liberal convention in Calgary, credited to Dr. De Veber, of Lethbridge, in moving the nomination of Mr. Oliver, we notice that the faithful are warned not to confound his independence with such as is exhibited by Mr. Richardson, M. P. for Lethbridge. These two gentlemen have been warm supporters of each other right through parliament. Where one moved against the government, the other seconded his motion and seldom, if ever, was one ranged against the other in a parliamentary vote. Yet Mr. Oliver is accepted by the party leaders and Mr. Richardson is rejected; however, Mr. Richardson is in the field and should be elected. He has fought the battles of the Northwest gallantly and is a champion we cannot afford to lose. The great pity is that we have not more Western men in parliament like Oliver and Richardson. The great leaders of both political parties fail to realize the needs of the West and without the persistent efforts of such men as these we can not expect to receive even our dues, much less any favors.

A strike of conductors on the C. P. R. system is afloat. A disagreement has arisen between the company and the conductors over the dismissal of some of the latter. A demand for reinstatement has been made, which may lead to a strike.

CALGARY.

Herald, Sept. 6th.

Threshing is in full swing in the Gleichen district. After clearing up everything on the Namika farm, Clark brothers moved their outfit to Gleichen. Large yields were found everywhere, as well as first class quality. Wheat runs 30 bushels, oats 50 bushels, and barley 70 bushels to the acre.

O. G. VonGalen and Mrs. VonGalen and family arrived from Vancouver yesterday evening and left this morning for Edmonton.

Larendeau's hotel at Ponika is to be three stories high and will be 38x11. The basement is already finished and work on the building will be proceeded with at once.

Lieutenant H. D. Kitchen, of Strathcona's Horse, and formerly of the N. W. M. P., left South Africa for England on the steamship British Princess on August 22nd.

Two more western men returned from the South African battlefields this week. Sergeant J. M. Gladwin, of the 2nd battalion, C.M.B., formerly of the N. W. M. P., Pincher Creek, Alberta, and Private W. S. Mackie, of Vancouver, who went out with A. company in the first contingent. Private Mackie and Sergeant Gladwin were both caught with enteric fever near Bloemfontein and had to go to the hospital. Private Mackie is a veteran of the battle of Paardeburg. Sergeant Gladwin was in charge of the Canadian invalids returning per the Tunisian.

CANADIAN CASUALTIES.

Cape Town, Sept. 5.—58, Watts, Strathcona Horse, seriously wounded at Badfontein on the 1st of September.

The official list shows that 58, Watts, is Pte. C. C. M. Watts, of Virdee, Man.

Plainsdealer: Some good conservative papers are confronting their readers with the fact that binder twine is worth 13 and 14 cents per pound this season, whereas under conservative rule there was a time when twine cost only eight and nine cents per pound. Those were the days when there was a protective tariff on twine and these are days when there is none. How placing of twine on the free list can be chargeable with the increase in price is a conundrum. It is apparent that there must be some other reason and it seems logical to say that if the price of twine is so high with no duty to pay it would be still higher with duty added, hence the newspaper that points to liberal rule as the cause of high binder twine is simply running a huge bluff on its readers and puts a very low rating on their intelligence.

Cape Town, Sept. 5.—The siege of Ladysmith has been raised after several desperate attempts to capture the town and its little garrison of 150 British troops.

HARVEST.

Cutting has been general during the past week, except on Tuesday and on Wednesday forenoon, when it was delayed by damp weather. Most of the wheat on Stony Plain is cut, but there is fully half to be cut, other parts of the district. Barley is mostly cut, and a start has been made on the oats. On the west end of Stony Plain the crop was early. Some was cut before the snow fall and what was not cut was very little damaged by the snow. East of Edm. the crops were also well advanced before the storm. Wheat and oats that were approaching ripeness before the storm have ripened surprisingly since. But grain that was quite green has not made much progress and in some instances the wheat is looked upon as a hopeless case. There will be a good crop of wheat in the district, but it is feared that a considerable proportion will be damaged. The oats which form the bulk of the crop in the late ripening districts are still in shape to come all right with favorable weather. The demand for binders and twine is enormous. Every binder in Edmonton and Strathcona has been sold and a number brought in from points between here and Calgary have also been disposed of. Twine is scarcer than last week. Small lots are being brought in from all points as far as Winnipeg, but it is scarce all over the west. There is plenty of twine in the east but prices are so high that dealers are afraid of being left with a stock on hand and do not like to order in quantity. If we have fine weather this week's great help will be made in the harvest, but there will be cutting in October. The binders are taking up the crop surprisingly clean, which is a very good feature of the situation.

FALL FAIR.

Calgary, Sept. 12th, 13th, 14th and 15th.

Edmonton, Oct. 23rd, 24th and 25th.

THEIR EXCELLENCIES' VISIT.
A well attended meeting of citizens was held last Friday night in the council chamber to arrange for a reception to their Excellencies, Lord and Lady Minto.

The chairman, Mayor McKenney, read a letter from Regina giving notice of a postponement of the visit from the 13th to 19th. Their Excellencies would arrive on the 19th and leave again the next day. After discussion the following motion was carried:

"That this meeting of the citizens of Edmonton request the town council to take such steps as they think advisable to receive Lord and Lady Minto on their visit to Edmonton, associating with themselves the president, vice-president and secretary of the board of trade, Mr. Frank Oliver, M. P., the M. L. A. for the district and such other persons as they see fit."

Steps are now being taken by the town council to ascertain at what hour their Excellencies will arrive and how much time they will have at their disposal here. On receiving this information arrangements will be proceeded with for a welcome on their arrival.

REGINA NORMAL.

The Regina Standard gives a list of the students attending the normal sessions in first and second class at that place. There are 16 first and 56 second class students. Of the total number 36 are from the eastern provinces chiefly Ontario. Amongst the first class students is F. Turnbull, Strathcona. Amongst the second class are Miss Z. L. Campbell, Strathcona; Miss J. M. Short, Edmonton; Miss J. White, Edm.; of Penhold, who studied at Edmonton; and P. Monaghan, formerly teacher at Camilla.

CONSERVATIVES OPPOSED TO RICHARDSON

Carman, Sept. 3.—The following resolution was passed at the liberal conservative meeting held last Saturday evening in Victoria Hall, Carman. The meeting was well attended considering the unfavorable weather, by a goodly number of representatives from various sections of the district.

"Moved by Alex. Morrison, seconded by Dufferin, and seconded by Mayor Williams, of Carman, and resolved, That this meeting of the liberal conservative electors residing in Dufferin municipality and the village of Carman in the electoral division of Lisgar, express our entire approval of the policy of the liberal conservative party as expounded by Sir Charles Tupper, our veteran leader in the federal parliament of Canada, and his able colleagues and supporters in the House of Commons and Senate. That this meeting highly approve of the action taken by the executive in regard to holding a convention for the purpose of nominating a liberal conservative candidate for the electoral division of Lisgar, and that it would be in the interests of the party to have a candidate nominated as early a date as possible, in opposition to R. L. Richardson and Valentine Winkler." This resolution disposes of the report that R. L. Richardson, M. P., had gone over to the conservatives.

LOCAL.

—The prize lists of the Edmonton Fall Fair are being prepared.

—Mr. Stewart is erecting a large residence on Nanayo avenue near the curling rink.

—Indian Commissioner McCrae is at the Athabasca Landing on his way in from the Athabasca treaty payments.

—T. W. Lines, manager for Brackman & Ker, in Strathcona, returned on Friday's train from a visit to the Paris exhibition.

—A band of Indians passed through town on Saturday morning for Lake St. Anne, after having been at Calgary taking scrip.

—An infant child of Mr. and Mrs. R. Dinwiddie, of East Edmonton, died on Saturday last and was buried in the Edmonton cemetery on Sunday.

—D. A. McKenney, of Wetaskiwin, was brought to the general hospital on Aug. 28th, where he died on Wednesday. He was a consumptive.

—The body of J. G. Orchard, who died on Peel river, was brought in from the Landing to-day by the Hudson's Bay Co. It will be sent east for re-interment.

—Mrs. Webster, Strathcona, is applying for a transfer to herself of the hotel license granted to her husband, now deceased, for the Royal Hotel, Strathcona.

—Prince Albert Times, Aug. 31st: A light rain has been falling more or less during the week and put a stop to harvesting operations. Today, however, is dry and fine.

—Rev. J. R. Matheson left on Friday night for Union Lake by scow, with mission supplies. The steamer Minnow towed the scow to Fort Saskatchewan, where he would load with flour.

—J. S. Camsell, chief factor of the H. B. Co., Mackenzie river district, arrived from Fort Simpson on Saturday, accompanied by Mrs. Camsell and their son and daughter. Mr. Camsell has been in the Mackenzie river district for the past 40 years, and is now on his way to Winnipeg on leave of absence for a year.

—W. J. Hunter, and wife arrived on Saturday's special from Calgary to settle in the Edmonton district. Mr. Hunter is an uncle of W. J. Hunter of the Bulletin office. The special arrived at eleven o'clock on Saturday night. It brought a number of settlers to points along the C. & E.

Calgary Herald: John Paterson, of Okotoks, to-day brought to the Herald two samples of red fire wheat, one harvested yesterday and the other on Thursday of last week. The samples, which have been left at this office for inspection, are splendid specimens. The grain is well developed and fully ripened and the straw averages five feet. The samples will each go about 40 bushels to the acre.

Winnipeg Tribune: A special train conveying twelve naval officers and 350 men, in charge of Lieut. Cayley, will pass through the city to-night en route from Esquimaux to Montreal. The officers and men will be taken to England by the steamship Tunisian, leaving Montreal Friday next.

Maseu, Basutoland, Sept. 5.—The Boers left Ladybrand last evening. They looted the lines and took all the horses, including the cavalry mounts. The British casualties were five wounded.

BISHOP YOUNG RETURNS.

Dr. Young, bishop of Athabasca, accompanied by Mrs. Young, arrived home at Athabasca Landing on Friday, August 31st, after a three months trip around his diocese. The bishop left the Landing by H. B. Co's scows on June 1st, up the Athabasca, for Lesser Slave lake, where the diocesan synod was held. A confirmation was held in St. Peter's church when 27 received the Apostolic rite. Christ church mission, Peace river, was next visited. At St. Luke's church, Vermilion, the Rev. A. S. White, missionary in charge, was admitted to the priesthood. From Vermilion they proceeded to St. Paul's mission, Chipewyan, where a confirmation was held, when 8 received the rite. From this point the H. B. Co's steamer "Graham" was taken as far as McMurray and the rest of the journey was made up stream by the H. B. Co's brigade of scows. The journey down the Peace river was made by Peterboro canoe.

STRATHCONA.

Plaisance, Sept. 7th.
The steam merry-go-round is getting away with the 5 cents of the Strathcona boys and girls this week in great style.

Messrs. Geizer, Clark, Molton, Smith and other Strathcona's who took in the coast excursion, have returned home.

Jerry Boyce's racers "Roxey" and "Sadie A" were sold at auction on Wednesday. D. J. Collins, of Edmonton bought the former and Al. Garbe of Strathcona, the latter.

Messrs. F. W. Turnbull and E. D. McCallum, of Strathcona, high school, left on Saturday morning for Regina, where they will take first and second class normal courses respectively.

At a meeting of the directors of the agricultural society on Saturday last Messrs. Donald Ross and J. L. Porte were appointed a committee in charge of the society's display at the Calgary exhibition next week.

The Agricola Threshing Co. purchased this week a complete new threshing rig from Kelly & Foster. The outfit consists of a J. L. Case separator 36-56, and an 18 horse power traction engine, manufactured by Stephen, Turner & Burns, of London. J. G. Pearce, of Agricola, is secretary-treasurer of the company.

The Rt. Rev. E. A. Oertel and wife of Bethlehem, Pa., are the guests of Rev. C. Hoyle near town. Bishop Oertel is on a trip inspecting the Moravian congregations in the district. Next Sunday he will dedicate the new Moravian church one mile west of town.

Messrs. Lecklin and Duncan Currie, and Boyd and Harold Ritchie returned this week from ten days' camping, shooting and berry picking fifty miles on the Landing road. They found game plentiful and also berries. They brought home a couple of barrels of low bush cranberries and also a good lot of blueberries.

A runaway of two teams belonging to Neil McLean, of Sturgeon, took place on Whyte Ave., Strathcona, last evening immediately after the train came in. Mr. McLean had just delivered two loads of hogs, and the teams were standing on the street when the train pulled in and they became frightened. They ran down Whyte Ave. abreast at a terrific speed. Mr. McLean's brother attempted to stop them, but was knocked down and had his shoulder dislocated. He was taken to Dr. Archibald's office and had the dislocation set at rights. The teams were caught near Mr. Martin's place, on the Calgary trail, and the brothers were able to return home to-day.

The Edmonton District Telephone Co., Ltd., applied to the town council for an exclusive franchise for 10 years. It was decided to give the Co. exclusive franchise for 5 years, and franchise for an additional 5 years.

It was decided by the town council to give the Waterous Engine Works Co. Ltd. an order for fire protection apparatus at a cost of \$3,940.00.

The Boers who attacked Ladybrand are estimated to have numbered over two thousand men. The British were summoned to surrender Sept. 2 (Sunday), but refused and from that time on were subjected to continual cannon and rifle fire. The burghers twice tried to rush the British position. Probably the approach of a relief force saved the little garrison.

London, Sept. 5.—A despatch from Pretoria says Gen. Delarey is reported to have died from his wounds received at the siege by his force of the Elands river garrison. The details of the successful raid of Theron's scouts at Klin's river have reached Pretoria. It appears that after the derailing by the Boers of the train conveying a company of the Yorkshire West Riding regiment, the British train crew surrendered and were shot down after they had thrown up their hands. Two of them were killed in this manner and the engine blown up with dynamite, but the driver hidden in the firebox somehow escaped unhurt. A body of Marshall's Horse pursued the raiders killing eleven Boers. De Wet has captured a train in the neighborhood of Kromstad, securing forty-four carloads of supplies.

DEATHS.

McKenzie—At the General Hospital, Edmonton, on Wednesday, 5th inst., D. A. McKenzie, of Vermilion, aged 53 years.

CHOLERA IN INDIA.

Bombay, Sept. 3.—Official returns show that there were 7,969 deaths from cholera in the native and British states during the week ending Aug. 25. The number of relief works are decreasing and the number receiving gratuitous relief are increasing.

WAR CORRESPONDENTS HOME.

Toronto, Sept. 5.—Frederick Hamilton and John A. Ewan, war correspondents of the Globe, arrived home this morning. Hamilton, in a few days, will start on a lecturing tour in the principal cities and towns of the Dominion.

PREPARING FOR PLAGUE.

Montreal, Sept. 3.—The health authorities are alarmed at the possibility of bubonic plague reaching here, owing to the close connection between Montreal and Glasgow. The steamship companies plying between the ports have promised to take all precautions, but considerable alarm is felt notwithstanding. The Quebec provincial board of health has cabled Paris for 500 doses of curative serum to be in a position to cope with a possible outbreak.

WARM IN TORONTO.

Toronto, Sept. 2.—Toronto again to-day headed the list of hot places. The highest point reached was 92. Ottawa came second with 90. Labor day will be mostly fair, but thunderstorms are almost certain to be general, and it will be cooler at night.

F. F. TIMS, Gen. Agent,
Main Street, Edmonton.

Will not Shrink

The rain may come and go, but its effect upon

Shorey's Ready

Tailored Clothing

is nil. There is no shrink in it. The goods are all sponged and shrunk before being made up. Shorey's reputation is attached to each individual garment—you will find a guarantee card in the pocket.

It costs no more than the unsatisfactory kind.

Material, style, make and finish irrefragable. That is why we sell it.

Money back, if what we tell you is not true.
